

Allied are pleased to announce the opening of Wentbridge Quarry situated off the A1 motorway South of Ferrybridge. We are able to offer a general range of crushed limestone with reserves of 4 million tonnes together with a recycling facility for construction and demolition waste giving our customers a one stop shop.

The opening of the above has lead to a major investment in new plant and machinery with acquisition of the following

- Pegson XR 400 Mobile Crusher
- Daewoo Doosan Loading Shovel
- Powerscreen 1400 Mobile Screen

New Volvo Excavators from 14, 21 and 30 tonne range, plus the recent addition of a new Tipper Grabs service with fully qualified operators.

With our on going replacement programme we have taken delivery of a new fleet of five Volvo 8x4 Tippers with a further commitment of three 8x4 DAF Tippers.
